

Model SHX150-100RCG

High Power Resistors

150Watts DC-1GHz

SPECIFICATIONS

Standard Resistance: 100Ω

Capacitance: 3.5pF

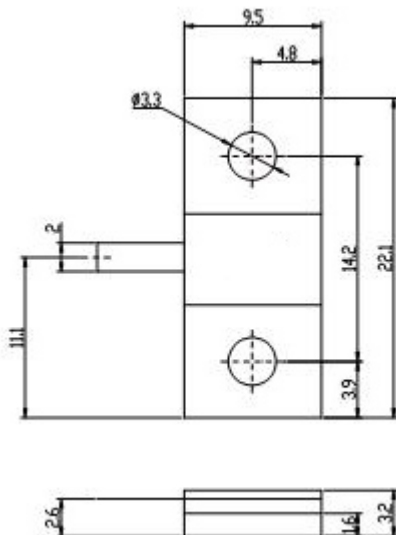

Temperature Range: 0.2 °C/W

Dimensions: 22.1×9.5×3.2mm

Model SHX150-100TCG

High Power Resistors

150Watts DC-1GHz

SPECIFICATIONS

Standard Resistance: 100 Ω

Capacitance: 3.5pF

Temperature Range: 0.28 °C/W

Dimensions: 22.1×9.5×3.2mm

Note:1、 Resistance tolerance: standard tolerance $\pm 5\%$, $\pm 2\%$.

2、 Resistance range: 0.5-20000Ω, standard 50-100Ω.

3、 Use additional lumped element and matched line to get lower VSWR.

4、 Operation board and lead can be made according to customer's demand.

5、 Machining tolerance is ± 0.10 , shortest lead length is 3.8mm, except special note.

6、 Resistances without bottom board are expressed with -W at the end of model no.

7、 Custom designed for special demand.
