

Model: SHX-D3020 Straight On And Down Box

SHX-D3020 shielding box adopts advanced casting process, filter and automatic control technology, the design fully conform to the requirements of the production, lab test. Verification By the department of national metrology, The shielding effectiveness of similar products in the country in a leading position. Widely used in GSM, GPS, PHS, BLUETOOTH, WLAN testing, etc.

SPECIFICATIONS:

SHX-D3020 Specifications	
Frequency Range(GHz)	0.8~3GHZ
Isolation	≥65 dB
RF Interface	N(f) outside and 2SMA(f) inside*2
DC Power Supply	DC*1
Data Interface	DB9(p) outside and DB9(s) inside 100PF
	DB25(p) outside and DB25(s) inside 1000PF
AC Power Supply	AC 110V-220V/50-60HZ
Working Size (mm)	280 (W)*175 (D)*120 (H)
Dimensions (mm)	350 (W)*272 (D)*284 (H)
Housing	Aluminum
Weight(kg)	19KG
Operating Temperature(°C)	0-50
Colour	Brown(Customer select available)

Notes:

1. Dimensions Tolerance ±2%
2. Custom designs available.
