

Model: SHX-D4560 Drawer Type Shield Box

SHX-D4560 shielding box adopts advanced casting process, filter and automatic control technology, the design fully conform to the requirements of the production, lab test. Verification By the department of national metrology, The shielding effectiveness of similar products in the country in a leading position. Widely used in GSM, GPS, PHS, BLUETOOTH, WLAN testing, etc.

SPECIFICATIONS:

SHX-D4560 Specifications	
Frequency Range(GHz)	0.8~6GHZ
Isolation	≥70 dB @2.4GHz
	≥65 dB @5.8GHz
RF Interface	SMA*4
DC Power Supply	DC*1
Data Interface	USB*2
	DB15*1
	RJ45*1
AC Power Supply	AC 110V-220V/50-60HZ
Working Size (mm)	330*130*150(Fixture size)
Dimensions (mm)	525 (W) *435 (D) *675 (H)
Housing	Aluminum
Weight(kg)	68KG
Operating Temperature(°C)	0-50
Colour	Brown(Customer select available)

Special features: the clamp hand safety features

Notes:

1. Dimensions Tolerance ±2%
2. Custom designs available.
